### Session Description:

If you are involved in personal injury, it is critical that the provider, patient and attorney avoid the potential pitfalls which can unfairly create financial harm, legal and/or ethical missteps, and ratcheting up the stress levels of all involved. In this presentation, you will learn the importance of comprehensive forms, better processes, full transparency and separating fact from fiction, including a highlight of the errors and game fouls often intentionally done to game the system. Learn how to be prepared, to spot the problems, and to better address the PI area, and in the process create more of a win-win-win for the attorney, chiropractor and patient alike.

*This program has been approved for 2 mandated CEU hours from the CA Board of Chiropractic Examiners. Approved for 2 hours Category C - Personal Injury (General CE): CA-A-19-04-04057*

Since 2013, **Michael Coates** has been on a mission to champion the rights of Chiropractors who accept patients on lien in Personal Injury matters. As Founder and President of **Medical Lien Recovery (MLR)**, he believes Chiropractors face an unfair dynamic in PI matters that must change. Through in-depth education, continuous support and devoted advocacy, MLR supplies the knowledge, tools and services that change the dynamic, reduce the stress, and improve the bottom line of Chiropractors. His popular presentation showcases his innovative win-win-win approach for the attorney, patient, and the chiropractor. Michael L Coates is a duly licensed California attorney and businessman.
